

Accredited Food and Oil Interceptor (FOI) (Grease Trap) installers and suppliers

Below are details of plumbers that have completed South East Water's accreditation training for installing food and oil interceptors. Please note that South East Water does not warrant any workmanship or give any guarantees if you use one of these plumbers. The plumber is required to give you a Certificate of Compliance at the completion of work which is a guarantee of their workmanship for seven years.

You are not required to use one of these plumbers and can use a plumber of your choice. You can also contact the Victorian Building Authority (ph 1300 815 127), search the Yellow Pages or search engines to find a plumber.

For your assistance a list of some food and oil interceptors suppliers is also provided overleaf.
